Vacuum Pumps

With high grade copper winding motors.

- OLP to prevent burnout
- Less weight, Compact in size
- High speed 2850 RPM motor
- NRV to prevent back flow
- Free first supply of Vacuum Oil

Refrigerant Recovery Units

Heavy duty Industrial grade condenser and cooling fans.
Suitable for all common Refrigerants, including R-410A

Refrigerant Recovery & Recycling units.

Factory fitted Oil Separator ensure
Immediate reuse of recovered refrigerant

Exclusively distributed in India by

ACREX is now world's sixth largest exhibition of HVAC & R Industry. AIACRA, as one of the supporting partners of ACREX India, is helping this mega show year after year. The theme of ACREX India-2016 is "Make in India: Infinite Opportunities for HVAC & R and the Building Services Industry". As we all know "Make in India" was launched by Prime Minister Narendra Modi. It is an initiative of Government of India to encourage companies to manufacture their products in India. ACREX India-2016 is inspired by this vision.

ACREX India-2016 is scheduled to be held from the 25th February to 27th February, 2016 at Bombay Convention and Exhibition Centre (BCEC), Gurgaon, Mumbai. This mega exposition will not only focus on HVAC & R industry but also feature diverse Building Engineering Services. That include Fire &

Safety, Electrical & Plumbing Services Building Automation and growing Cold Chain Industry.

The main highlights of ACREX India-2016:

- Expecting exhibitors more than 400 and over 30,000 Business Visitors
 - Over 45,000 Sq.Mt of centrally air conditioned space for conducting exhibitions
 - Globally more than 25 Countries like Canada, China, France, Germany, Italy, Japan, Korea, Taiwan, Thailand, Turkey, The UAE, The United Kingdom and the United States of America etc.
 - Interactive Panel Discussions & Workshops
 - Student Connect Programs and Concurrent Events
- AIACRA invites and encourage its esteemed member to be part of this mega expo. Kindly get in touch with AIACRA Secretariat for booking space at prominent location.

AHR EXPO-2016

25-27 January, 2016 / Orlando, USA

The AHR Expo is the world's largest H V A C & R exposition. The AHR brings the entire HVACR industry together under one roof where one can see the latest products and technology, learn about innovations & trends, and build business relations. Over 400,000 square feet of exhibition space will display every segment of the HVAC & R industry from nearly 2000 companies.

AIACRA is planning to take its first delegation to AHR Expo-2016 at Orlando, USA with great enthusiasm. We recommend to our members for visiting this international show which is a lifetime opportunity to find everything at one place. Members interested to participate may kindly contact the AIACRA Secretariat at the earliest.

Mr. D. V. Lamba, Past Vice President of AIACRA and President of our Zonal Association of Eastern India Air-conditioning and Refrigeration Association (EIARA), Kolkata, passed away on the 30th April, 2015.

His Son, Mr. Navin Lamba is at present President of EIARA. Here are few words from Mr. Navin Lamba for Late Shri D. V. Lamba.

A FINAL GOODBYE FROM BELOVED SON

My beloved father, Shri Dharm Vir Lamba was born in a small town in Punjab and moved to Calcutta in 1948, after the loss of his Father at a very young age of seven. Life had not been kind to him but he persevered on and built his life from scratch.

His nature was true to his name. He always stood for what was right, no matter the cost or consequences, be it in business or in personal relations.

I fondly remember the times that I spent chatting and discussing various issues

with him. I cherish the father & son bonding that we had. I remember walking in his shadow, holding his hand as a child. I remember him being around, whenever I needed him.

As time passed, I outgrew his shadow and stood with him shoulder to shoulder. Little did I realise then, time was quietly passing us by and that eventually I would have

to bid him goodbye. And then, I remember the words from his favourite song:

**Rahen Na Rahen Hum,
Mehaka Karenge,
Ban Ke Kali,
Ban Ke Saba,
Bagh-e-Wafa Mein,
Rahen Na Rahen Hum**

To me, you always were and will always be, the best dad in the whole world. I will hold you close in my heart forever. Rest in Peace, Dad. Love forever.

Compact, Super Lightweight and Unbeatable in Pumping Performance

Range of Eco-Friendly Freezers

Rockwell Industries limited is the leading manufacturer of commercial refrigeration products. Rockwell's green freezer range is manufactured in India's first ultra-modern green building certified by IGBC (Indian Green Building Council) facility. The product design and product manufacturing processes positively impact the environment. So, the Freezer consumes 53% less

electricity and retains the machine temperature for longer duration.

Team Rockwell is working towards providing a greener future to the society by manufacturing various eco-friendly products. Innovation team is working on many more new products like farm Milk Chiller, Vaccine Preservator etc. Rockwell can be contacted at rockwell.mt@gmail.com.

HONGSEN HS-350 A MOST VERSATILE MANIFOLD WITH DIGITAL MEASUREMENT

- Capable of providing,
 - Super heat and sub cooling.
 - Vacuum Measurement.
 - Pipe leak detection.
 - Routine Measurements.
 - Compatible with 36 Refrigerants including R-410A, R-134a, R-12, R-22, R-502.
 - Can read different units of pressure like PSI, BAR, MPa and Kpa.
 - Can work with systems having temperature range from -55°C to +125°C.
 - Easily switch over from °C to °F.
 - Switches off automatically when pressure is overloaded from range of 42 Bar gauge pressure.
 - Large screen, multi-angle, big-font LCD and backlight design make clear display and convenient in reading. It can also be used in weak light.
 - High precision pressure sensor and Digital temperature sensor greatly improve the accuracy and precision.
 - Micro power electronic component design greatly enhance the life of battery.
 - Soft and comfortable design, comfortable handle and high shock resistance. The valve body is made of high quality aluminium alloy.
 - Supplied in high strength box with Hose Set, Couplers and Pliers
- Hongsen Digital Manifold Gauge set and Digital Gauges are available in India from their distributor Smart Marketing. Please email us at marketing@smartmarketing.co.in.

PRESIDENT WRITES

Dear Members & Friends,

I take this opportunity to share with you a very happening quarter at AIACRA and also our plans for the future. At the outset, my personal condolences for the demise of Late Shri D. V. Lamba, who was always a big support for AIACRA. I extend my deepest heartfelt condolences to his son Mr. Navin Lamba and his family.

On the activities front at AIACRA, I may mention that during April-June, 2015 our zonal association NIRATA arranged a well participated EC Meeting and NIRATA-Emerson Networking Dinner at Jaipur in May, 2015.

AIACRA is arranging its 113th General Body Meeting at Hyderabad on 11th July, 2015 with attendance from among EC Members from New Delhi and office bearers along with EC Members of Twin Cities Refrigeration Dealers Association (TCRDA).

Also I request all our members for their participation in ACREX India-2016 at Mumabi and AIACRA delegation to AHR Expo at Orlando, USA in the month of January, 2016. Details are already covered in this newsletter. For any further information and update you are welcome to contact at the AIACRA Secretariat.

Look forward to your valued suggestions to achieve greater heights.

Thanking you,

With best wishes
Rajendra Mittal
President, AIACRA

AIACRA 12th Delegation to China Refrigeration-2015, Shanghai

AIACRA President, Mr. Rajendra Mittal lead the AIACRA delegation of 25 members for China Refrigeration-2015 along with Mr. Vinod Rekhi. The Expo was held from 8th April to 10th April, 2015 at Shanghai, China.

AIACRA delegates were warmly welcomed by Chinese Association of Refrigeration (CAR). Meeting of Presidents and member of both the association was arrange by CAR. Two Indian companies M/s Spirotech Heat

Exchangers Pvt. Ltd. and M/s Air Flow Pvt. Ltd. also participated as exhibitors at CR-2015 expo.

Members of AIACRA delegation also took the opportunity to do some sightseeing during their visit to understand the Chinese culture in and around Shanghai. At the end, it was a very satisfying, useful visit for all delegates and also in terms of knowledge about exploring business prospects with Chinese companies.

NIRATA EC MEETING AND NIRATA-EMERSON NETWORKING EVENT ON 8TH MAY 2015 AT JAIPUR

AFTER taking over by new President and Executive Committee, NIRATA's first outstation activity was arranging EC Meeting at Hotel Leisure Inn Grand Chanakya, Jaipur on 8th May, 2015. NIRATA - Emerson Networking Dinner was sponsored by M/s Emerson Climate Technologies Pvt. Ltd. The event was well attended by above 90 members/guests.

Mr. Yash Pal Sandhu, President, NIRATA thanked all members present at the event, specially Mr. Jagmit Singh, Mr. Vinod Rekhi, Mr. Gurbir Singh, Mr. Ashok Mittal, Mr. Harpreet Singh, Mr. Vikram Luthra,

Mr. Sanjay Kapoor, Mr. Pradeep Punjabi & Mr. Rajendra Mittal, President, AIACRA who had come from Delhi to attend the event. He also thanked Mr. Dhanajay Dubey, Mr. Sanjay Tikkiwal, Mr. Rishpal Thakur, Mr. Banwari Lal and Mr. Hanuman for their warm hospitality and excellent arrangements for NIRATA networking event.

At the event three audio-visual technical presentations were given. Mr. Sanjay Kapoor from M/s Emerson Climate Technologies, Mr. Rohan Chopra from India Cold Chain Show-2015 and Mr. Rajiv Gupta from M/s Master Cool Inc. gave presentation about their

products/activity. All the presentations were very informative for the members and appreciated by the house.

Mr. Vinod Kumar Rekhi convened the meeting. The meeting was started with welcome address by Mr. Jagmit Singh and concluded with a vote of thanks to the chair by Mr. Harpreet Singh. He thanked all the sponsors namely **Emerson Climate Technologies, Master Cool Inc., Smart Marketing, India Cold Chain Show-2015 and Zamil Air Conditioners** for their valuable support and co-operation.

Mr. Yashpal Sandhu, President NIRATA, delivering president address
